Certificates of Competence issued:	Certificates of attendance issued:	Highest Score for written examination	Average Score for written examination	Highest Score for individual presentations	Average Score for individual presentations
10		87%	70.5%	78%	65.2

- Logistics:

I would like to extend a special word of appreciation to CropLife Uganda for a well-organized training course. Everything went off as planned. Betty Atto's contribution towards the success of the training cannot be understated. Many thanks Betty for all the hard work.

- General feedback:

The objectives of the training course were met and exceeded.

- Next step:

In the light of the current project and the development of field coordinators countrywide a need exists for a follow-up training with the team. This should be planned for June 2013.
