- Follow up on possible co-operation with IFDC in other West-Central African countries and Tunisia & Morocco (RV, MD, BOY, PM, AMA).

CONCLUSION

The second of the French ToT courses, which went extremely well. Very high calibre of participants. Eleven participants received Certificates of Competence, and one received a Certificate of Competence. He will be able to rewrite the test and re-present their lessons, by arrangement with Manon and Ibrahima.

It is very critical for CropLife Senegal to follow-up on training plans, to be submitted by end of January, 2006, and to follow-up on each participant doing further training. All trainings must be reported to CropLife Senegal and CropLife Africa Middle East.

Many thanks to IFDC for providing the two Master Trainers, Raphael Vogelsperger and Manon Dohmen. Incredible improvements and additions to the course, made by Raphael and Manon, which has taken it to the next level. Many thanks. Thanks to them both for their commitment and dedication in making this another successful ToT.

Important to maintain momentum, with more French ToT courses in West-Central Africa and North Africa.

An innovative group exercise conducted by Manon to demonstrate that adults learn through three channels - hearing, seeing, doing.

Another interesting exercise by Raphael to demonstrate the four key learning styles of adults - reflectors, pragmatists, theorists, activists.

The training was closed by Ndéné Lo, Director General, Department of Crop Protection. He was accompanied by Ibrahima Dieye, SPIA & President CropLife Senegal, Bama Octave Yao, CropLife Africa Middle East and Cheikh Demba Kamara, MD, SPIA.

The twelve participants pose with CropLife Senegal representatives, CropLife area coordinator, Bama Octave Yao, and IFDC facilitators, Manon Dohmen and Raphael Vogelsperger.
